PROJECT

E-Commerce Website (HTML , CSS, JavaScript , React JS)

- Created an E-Commerce website using HTML, CSS, JavaScript and its framework i.e. React JS to make the website Interactive and user friendly.
- To make this project responsive to other devices I have used Bootstrap CSS framework.

Securing Confidential Files Using Hybrid Encryption Algorithm (JAVA)

- Created a hybrid algorithm which can secure users confidential data using DES and RSA algorithm.
- By using this algorithm users will be able to encrypt and decrypt the files more easily and efficiently.

Currency Convertor using API (HTML , CSS , JavaScript)

- This project aims to convert the currency from one form to another.
- Used a currency API to get the details about the different currencies in the world.

INTEREST AND HOBBIES

- Passionate about reading, I continually immerse myself in books, fostering a love for knowledge and the diverse perspectives offered by literature.
- Passionate about martial arts, I've dedicated myself to physical and mental discipline, constantly striving for personal growth and self-improvement.
